LinkedIn: linkedin.com/in/hassanjameel

PROFESSIONAL SUMMARY

Senior Digital Transformation and AI Leader with over 20 years of experience driving enterprise-scale digital ecosystems, platforms, and data architectures that deliver measurable multi-million business impact. Successfully delivered over 700 Million SAR in revenue impact, boosting digital user adoption by 75% and customer engagement by 60% through AI-powered products, strategic Super Apps, and advanced end-to-end e-commerce solutions. Kaggle Master (Top 1% Worldwide Rank #15 out of 9,800) with over 90 medals in datasets and notebooks, specializing in advanced analytics, machine learning pipeline creation, and predictive modeling for executive decision-making.

TECHNICAL & CORE SKILLS

- **Core Frameworks:** Digital Transformation Strategy, Artificial Intelligence (AI), Generative AI Leadership, Machine Learning (ML), Large Language Models (LLM), Business Strategy & Growth, Customer Experience Strategy, Executive Leadership.
- **Data Science & AI:** Data Analysis, Machine Learning, Deep Learning, Generative AI, Agency AI.
- **AI Platforms:** ChatGPT, Perplexity, Copilot, Cursor, Claude, Kimi.
- **Python Libraries:** Pandas, NumPy, Matplotlib, Seaborn, Scikit-Learn, TensorFlow, Keras, OpenCV.
- **ERP Systems:** SAP, Oracle EBS, Oracle Fusion, Microsoft Dynamics AX, Odoo.
- **Languages:** Python, C#, ASP.NET Core, SQL, PL/SQL, HTML, CSS, JavaScript, jQuery.
- **Data Visualization:** Excel, Microsoft Power BI, Crystal Reports, Google Data Studio, Google Colab.
- **Databases:** SQL Server, Oracle DBA, MySQL.

PROFESSIONAL EXPERIENCE

E-commerce Manager — United Group (Al Muhaidib Group Companies - FMCG)

Nov 2023 – Present

Key Achievements & Core Impact:

- Led the comprehensive digital transformation of the United Group corporate platform, achieving over 700 Million SAR in digital sales (2024-2025).
- Increased digital platform user adoption by 75% and improved active customer engagement by 60% through custom AI-driven personalization and end-to-end UX optimization.
- Delivered 40% sustainable revenue growth by architecting a unified digital sales ecosystem embedded with analytics, advanced automation, and smart operations.
- Launched 5 strategic large-scale digital projects: E-commerce Store, dynamic Super App modules, Logistics Application, Customer Loyalty Application, and an enterprise Digital Screens Network.

Core Responsibilities & Strategic Projects:

- Designed and executed data-driven E-commerce strategies powered by predictive data analytics, AI insights, and marketing automation.
- Built predictive management dashboards tracking total sales, inventory optimization, consumer behavior trends, and operational fleet efficiency.
- Streamlined digital supply chain operations by integrating core SAP ERP with downstream logistics workflows.

- Managed cross-functional Super App ecosystem developments including Online Veterinary Clinic applications, Community forums, Farm Management systems, delivery tracking workflows, and customer loyalty program deployment (United Feeds ecosystem across Apple App Store and Google Play Store).

E-commerce Projects Manager — *Sizal Group Co. (Marketing, Restaurants, Online Stores)* **Feb 2022 – Oct 2023**

Key Achievements & Core Impact:

- Established a proven track record of constructing scalable business dashboards and performing advanced data modeling across several consumer industries.
- Utilized Python, Microsoft Power BI, Google Data Studio, MySQL, and Excel to structurally transform business metrics into real-time visual insights for executive stakeholders.

Core Responsibilities & Strategic Projects:

- Managed daily operational processes, order fulfillments, and technical infrastructure across major Electronic Stores.
- Conducted complex data analysis and created actionable business intelligence reports to streamline organizational workflows.
- Collaborated directly with Sales and Marketing departments to continuously improve digital conversion rates and optimize multi-channel sales pipelines.
- Oversaw and optimized e-commerce platforms including Hobb E-Commerce Store (hobbapet.com), Eqpt E-Commerce Store (eqptsolution.com), Grandmas E-Commerce (grandmas-ksa.com), and Rawah E-Commerce Store (rawaahstore.com).

Information Systems Manager — *Candy Sugary Co. (Sweets & Chocolate)*

Jun 2016 – Feb 2022

Key Achievements & Core Impact:

- Analyzed highly diversified datasets using corporate ETL (Extract, Transform, Load) and EDA (Exploratory Data Analysis) techniques using specialized Python libraries.
- Prepared precise data-driven management reports outlining historical trends, anomalies, and forecasting predictive metrics to secure operations.

Core Responsibilities & Strategic Projects:

- Applied advanced machine learning algorithms to operational datasets to discover optimization paths and effective business solutions.
- Directed data structures and platform infrastructure for various retail assets, including Qatarat E-Commerce Store (qatarat.cafe), Kastane E-Commerce Store (kestanealsultan.com), custom Mobile Applications, Oracle Cloud ERP System integration, Foodics POS platforms, and Jisr HR architectures.

Application Manager — *Al Shiaka Co. (SEDCO Holding)*

Jun 2014 – Jun 2016

Key Achievements & Core Impact:

- Led the enterprise development of a highly scalable E-commerce platform using Magento architecture for ready-made retail products and WordPress.
- Planned and successfully implemented the comprehensive MenaTech HRMS solution (including Payroll, Time & Attendance, Employee Self-Service, Appraisals, Career Path, Manpower, and Recruitment Planning) serving over 700 employees across corporate networks.
- Deployed and managed an enterprise Business Intelligence (BI) system and Data Warehouse infrastructure to support unified data analytics, reporting, and operational automation.
- Served as the technical implementation leader for Lawson ERP M3 integration and acted as Project Manager for local system migrations and Retail Pro POS setups across 40 physical showrooms.
- Managed over 52,000 unique SKUs (fabrics, ready-made thobes, garments, and accessories) in core ERP and POS databases.
- Directed a synchronized digital signage project using the SCALA system infrastructure across 40 showrooms operating 70 live screens.

Applications Supervisor — *Rawahel Al-Mashaer Co. (Rawahel Holding)*

Nov 2008 – Jun 2014

Key Achievements & Core Impact:

- Led the end-to-end full lifecycle implementation and technical project management of corporate systems utilizing Microsoft Dynamics AX (covering HR, Payroll, Maintenance, Inventory, CRM, Catalog, and Fleet Management) for 950+ active employees.
- Managed the technical project implementation of an advanced Fleet Tracking System (GPS) deployed across more than 800 operational transit buses.
- Successfully integrated the GPS Fleet Tracking System data pipelines into the core Microsoft Dynamics AX ERP database for unified data analysis.
- Generated high-value operational execution reports, technical procedural documentation, and automated Dynamics X++, Crystal Reports, and Microsoft Reports architectures.

Oracle Programmer — *Holy Makkah Municipality*

Sep 2005 – Nov 2008

Key Achievements & Core Impact:

- Developed robust and secure municipal enterprise software architectures using Oracle 6i/10g suites (including Forms, Reports, SQL, and PL/SQL optimization).
- Designed and delivered specialized technical database and application training programs for municipal employees during key system deployment phases.

EDUCATION & PROFESSIONAL ACADEMICS

Master of Science in Data Science — *Simplilearn in collaboration with IBM*

2022 – 2023

Bachelor of Science in Computer Science — *American University*

2004 – 2008

Professional Diploma in Programming Technology — *JICC Institute*

2002 – 2004

PROFESSIONAL CERTIFICATIONS

- SDAIA AI Advanced Knowledge Certification (Saudi Data & AI Authority, 2025)
- PMP - Project Management Professional (Project Management Institute, License #1938555, 2016)
- Professional Diploma in Python Deep Learning (2022)
- Professional Diploma in Python Machine Learning (2022)
- Professional Diploma in Python Data Science (2021)
